SCHOOL, PARENT AND FAMILY ENGAGEMENT POLICY

All check boxes marked in this policy indicate an assurance on the part of the school.

Type of Title I.A program

Schoolwide

Targeted

This school parent and family engagement policy is developed jointly with, distributed to, and agreed on with parents of participating children, including parents of migrant and EL children. Section 1116 (b)(1)

Describe how the school seeks and obtains the agreement of parents to the parent and family engagement policy.

The parent and family engagement policy is on the agenda at the fall Title I annual meeting as a discussion topic. Parent input is documented at that time, and adjustments recommended to the policy if necessary. Seneca Intermediate recognizes that when schools work together with families to support learning, children are inclined to succeed not just in school, but throughout life. It is the school's intent to establish partnerships that will increase parental involvement and participation in promoting the social, emotional and academic growth of children.

The Parent-School Compact was developed by school staff for student, teachers, principal, and parents to jointly commit to working together for the benefit of all students. It is signed by all parties involved each year (student, teacher, parent, principal).

Seneca Intermediate will encourage parents of students to be involved in supporting the education of their children in the following ways:

Actively engage with the SeeSaw platform to monitor student participation in classroom activities and communicate with teachers. Parents will be involved in the joint development of the Title I program and in the process of reviewing the implementation of the plan and suggesting improvements.

The school will provide coordination, technical assistance, and other support in the establishment and growth of parent/school partnerships.

An annual evaluation of the content and effectiveness of the parental involvement policy/program and other Title I programs will be conducted to determine whether there has been increased participation, and if barriers to greater participation are present.

The results of the evaluation will be used to design strategies for improvement, and in revising parental involvement policies and procedures at the building level.

Make sure students complete take-home activities.

Read orally with your child at home.

Practice math facts (addition, subtraction, multiplication, division).
